EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tom Kusic on 5/9/06.

The application has been amended as follows:

Claims 3,4,11,12,19, and 20 have been cancelled.

In **Claim 25**, in line 1, the phrase [1 to 24] has been replaced by --1,2,5-10,13-18,21-24--.

In **Claim 26**, in line 1, the phrase [1 to 24] has been replaced by --1,2,5-10,13-18,21-24--.

Claims 1,2,5-10,13-18, and 21-26 are allowed.

The following changes to the drawings have been approved by the examiner and not yet agreed upon by applicant.

The last figure in the case, which is unlabeled and on the last page of the figures, has been cancelled by the examiner. It was a substantial duplicate and was not discussed in the specification.

2. The following is an examiner's statement of reasons for allowance: the prior reasons for indicating allowable subject matter still hold in this action. Also with respect to claims 1 and 2, the prior art of record all failed to show either alone and/or in combination an aircraft with tube encircling part of the aircraft. The tube having a means to rotate it and a plurality of pivotable fins. Also the fins being mounted such that rotation of one fin causes (or can cause) rotation of the other fin in the same direction relative to the tube.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
